

Research Office

Welcome to the School of Dental Medicine Research Office. Located in AG017, our services are available to investigators and administrators for centralized grant submissions. Below is a list of our services and some helpful links to assist with grant proposals and research.

Services

Pre-Award Activities

- Establish time table of deadlines for grant submissions
- Budget development
- Uploading of grant details
- Work with partnering institutions on letters of intent for grant submissions
- Coordination of routing for signatures
- Just-in-time requests from NIH

Post-Award Activities

- Progress reports
- Report of expenditures
- Preparation of subcontract paperwork

Miscellaneous

- Format biosketches, other support, etc. to NIH (or other funding agencies) specifications
- Assist in set-up and provide instructions for electronic signatures
- Provide information for contracts re: IRB and ACC
- Connecticut notary public services
