The University of Connecticut School of Dental Medicine is an ADA CERP recognized provider. The University of Connecticut School of Dental Medicine and the Division of Orthodontics is responsible for the content, quality and scientific integrity of this CDE activity. The University of Connecticut School of Dental Medicine designates this three day educational activity for a maximum 17 credits. Each participant should claim only those hours of credit that he/she actually spent in the educational activity.

2020 UConn Orthodontics Symposium

Ravi Nanda Lecture
April 27th – 28th

Charles J. Burstone lecture
April 29th

The North House, 1 Nod Rd., Avon, CT

Keynote Speakers

NANDA LECTURE

Dr. Carlos Flores-Mir
Professor & Program Director,
University of Alberta

- Can we really predict facial growth management?
- To treat or not to treat?
- How much do incisors procline during Class II correction?
- Tips for clinical management of impacted teeth.

BURSTONE LECTURE

Dr. Won Moon
Program Director & Endowed
Chair, UCLA

- Non-surgical correction of extreme vertical excess and collapse.
- Orthopedic correction of Class II & Class III cases by combining functional appliances & facemasks with micro-implants.
- Non-surgical transverse correction with midfacial skeletal expanders.

The target audience for this symposium is orthodontists, and dental residents. As a result of attending this symposium, participants should be able to:

- Discuss clinical management of impacted teeth
- Discuss how much do incisors procline during Class II correction
- Understand orthopedic correction of Class II and Class III cases by combining Functional Appliances and Facemasks with micro-implants
- Discuss non-surgical transverse correction in both children and mature patients with Midfacial Skeletal Expanders
